

DO NOT STOP RUNNERS

- Use common sense when directing traffic and assisting drivers/runners. Some drivers will absolutely need to be on the course. Ask them to drive slow and yield for runners.
- There are instructions and a map of each position. Follow them to the best of your ability.
- If you need assistance, call the Command Post or ask one of the motorcycle officers.
- Green Circles are Volunteer Positions
- Blue Circles are Officer Positions
- Yellow Arrows are the direction the runners are traveling
- Orange lines are how your cones or barricades are to be set.
- Volunteers will not stand in the middle of the street but off to the side like school crossing guards and will enter the street to direct runners or contact drivers.
- Volunteers – do not argue with drivers call for an officer or contact one of the motor officers

DO NOT STOP RUNNERS

N 3rd and E. 10K and Marathoners merge at this location. Direct all runners south next to the parking garage (garage wasn't built when this picture was taken, but it will be obvious when you are on post) Do not allow vehicles past the cones. **Do not stop runners.**
